

PLAZCRYL and PLAZCRYL SUPER Grade
Statement for Contact with Foods

We hereby certify that our

Plazcryl (PMMA) and Plazcryl Super (PMMA HI Modified) clear sheets grades, are produced from raw materials that follow requirements for contact with food according to:

USA

FDA Regulation CFR 21 section 177.1010, "Acrylic and modified acrylic plastics, semirigid and rigid"

Europe

Commission Regulation (EU) No 10/2011 on "plastic materials and articles intended to come into contact with food" and its amendments.

- For clear transparent Plazcryl and Plazcryl Super sheets, no components or additives are intentionally added in the extrusion process at Plazit 2001.
- This certification is for semi-elaborated clear plastic sheets produced and supplied by Plazit 2001.
- It is the responsibility of the end part manufacturer to determine that the end product is suitable for the intended use, and complies with all applicable regulations and requirements.
